COMMON CARRIER BUREAU SEEKS COMMENT ON PROPOSED STREAMLINED ARMIS 43-04 (JURISDICTIONAL SEPARATIONS) REPORT

CC Docket No. 80-286

On May 22, 2001, the Commission adopted the recommendation of the Federal-State Joint Board to impose an interim freeze of certain jurisdictional cost categories and allocation factors.¹ Specifically, the Commission adopted a freeze of all separations category relationships and allocation factors for price cap companies, and a freeze of all allocation factors for rate-of-return carriers. The Commission further concluded, however, that rate-of-return carriers shall also have a one-time option to freeze their category relationships if they determine that doing so is in their best interests based upon their individual investment patterns or plans. The Commission concluded that it could streamline its current separations reporting requirements, while receiving sufficient information to evaluate the freeze and consider further separations reform. The Commission directed the Common Carrier Bureau to seek comment on the content of a streamlined Separations Report (ARMIS 43-04). The proposed ARMIS Report 43-04 would reduce the total number of pages in the report from 63 to seven pages. We hereby seek comment on the attached proposed streamlined ARMIS Report 43-04.

Comments are due on the attached proposal 20 days after date of publication in the Federal Register. Reply comments are due 35 days after date of publication in the Federal Register. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies.²

Comments filed through the ECFS can be sent as an electronic file via the Internet to <<http://www.fcc.gov/e-file/ecfs.html>>. Generally, only one copy of an electronic submission must be filed. If multiple docket or rulemaking numbers appear in the caption of this proceeding, however, commenters must transmit one electronic copy of the comments to each docket or rulemaking number referenced in the caption. In completing the transmittal screen, commenters should include their full name, Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters should send an e-mail to ecfs@fcc.gov, and should include the following words in the body of the message, "get form <your e-mail address.>" A sample form and directions will be sent in reply.

¹ See Jurisdictional Separations and Referral to the Federal-State Joint Board, CC Docket No. 80-286, *Report and Order*, FCC 01-162 (rel. May 22, 2001).

² See Electronic Filing of Documents in Rulemaking Proceedings, 63 Fed. Reg. 24,121 (1998).

Parties who choose to file by paper must file an original and four copies of each filing. If more than one docket or rulemaking number appear in the caption of this proceeding, commenters must submit two additional copies for each additional docket or rulemaking number. All filings must be sent to the Commission's Secretary, Magalie Roman Salas, Office of the Secretary, Federal Communications Commission, 445 12th Street, S.W., Washington, D.C. 20554.

Parties who choose to file by paper should also submit their comments on diskette. These diskettes should be submitted to: Ernestine Creech, Accounting Safeguards Division, 445 12th Street, S.W., Washington, D.C. 20554. Such a submission should be on a 3.5-inch diskette formatted in an IBM compatible format using Word or compatible software. The diskette should be accompanied by a cover letter and should be submitted in "read only" mode. The diskette should be clearly labeled with the commenter's name, proceeding (including the docket number, in this case CC Docket No. 80-286, type of pleading (comment or reply comment), date of submission, and the name of the electronic file on the diskette. The label should also include the following phrase "Disk Copy - Not an Original." Each diskette should contain only one party's pleadings, preferably in a single electronic file. In addition, commenters must send diskette copies to the Commission's copy contractor, International Transcription Service, Inc., 1231 20th Street, N.W., Washington, D.C. 20037.

PAPERWORK REDUCTION ACT

As part of our continuing effort to reduce paperwork burdens, we invite the general public to take this opportunity to comment on information collections contained in this Public Notice, as required by the Paperwork Reduction Act of 1995, Pub. L. No. 104-13. Public and agency comments are due at the same time as other comments on this Public Notice. Comments should address: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

INITIAL REGULATORY FLEXIBILITY ANALYSIS

The Regulatory Flexibility Act (RFA)³ requires that an initial regulatory flexibility analysis be prepared for notice-and-comment rulemaking proceedings, unless the agency certifies that "the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities."⁴ The RFA generally defines "small entity" as having the same meaning as the terms "small business," "small organization," and "small governmental jurisdiction."⁵ In addition, the term "small business" has the same meaning as the term "small business concern" under the Small Business Act.⁶ A small business concern is one which: (1) is independently owned and operated; (2) is not dominant in its field of operation; and (3) satisfies any additional criteria established by the Small Business Administration (SBA).⁷

³ The RFA, *see* 5 U.S.C. § 601 *et. seq.*, has been amended by the Contract With America Advancement Act of 1996, Pub. L. No. 104-121, 110 Stat. 847 (1996) (CWAAA). Title II of the CWAAA is the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA).

⁴ 5 U.S.C. § 605(b).

⁵ 5 U.S.C. § 601(6).

⁶ 5 U.S.C. § 601(3) (incorporating by reference the definition of "small business concern" in Small Business Act, 15 U.S.C. § 632). Pursuant to 5 U.S.C. § 601(3), the statutory definition of a small business applies "unless an agency, after consultation with the Office of Advocacy of the Small Business Administration and after opportunity for public comment, establishes one or more definitions of such term which are appropriate to the activities of the agency and publishes such definition(s) in the Federal Register."

⁷ Small Business Act, 15 U.S.C. § 632.

This Public Notice seeks comments on a proposal to streamline the Commission's Separations Report, ARMIS 43-04. This report is only filed by incumbent local exchange carriers with annual operating revenues in excess of \$117 million.

Neither the Commission nor SBA has developed a definition of "small entity" specifically applicable to LECs. The closest definition under SBA rules is that for establishments providing "Telephone Communications, Except Radiotelephone," which is Standard Industrial Classification (SIC) code 4813. Under this definition, a small entity is one that, including affiliates of the entity, employs no more than 1,500 persons.⁸

We certify that the proposals in this Public Notice, if adopted, will not have a significant economic impact on a substantial number of small entities. Pursuant to long-standing rules, ILECs with annual operating revenues equal to or exceeding the indexed revenue threshold must comply with the Commission's separations reporting requirements. The Commission proposes to reduce these reporting requirements. These changes should be easy and inexpensive for ILECs to implement and will not require costly or burdensome procedures. We therefore expect that the potential impact of the proposed rules, if such are adopted, is beneficial and does not amount to a possible significant economic impact on affected entities. If commenters believe that the proposals discussed in the Notice require additional RFA analysis, they should include a discussion of these issues in their comments.

The Commission's Office of Public Affairs, Reference Operations Division, will send a copy of this Public Notice, including this initial certification, to the Chief Counsel for Advocacy of the Small Business Administration.⁹ A copy will also be published in the Federal Register.

EX PARTE PRESENTATIONS

Pursuant to section 1.1206 of the Commission's rules, this proceeding will be conducted as a permit-but-disclose proceeding in which ex parte communications are permissible but subject to disclosure.¹⁰

Action by the Chief, Common Carrier Bureau

⁸ 13 C.F.R. § 121.201, SIC code 4813.

LEGEND:

All amounts are in thousands, unless otherwise indicated in the row title.

#	The symbol "#" preceding the applicable row description would indicate items that are not dollars or percentages (e.g., minutes, miles, conversational minutes, working loops, etc.)
\$	All data that must be entered in dollars rounded to the nearest penny (e.g., cost per loop) is indicated by a symbol "\$" (dollar sign) preceding the applicable row description.
